

How to Convert your .MP4 file to .MOV

If you have a MPEG-4 or similar file and need to convert it to a Quick Time (MOV) file below are the instructions on downloading and converting.

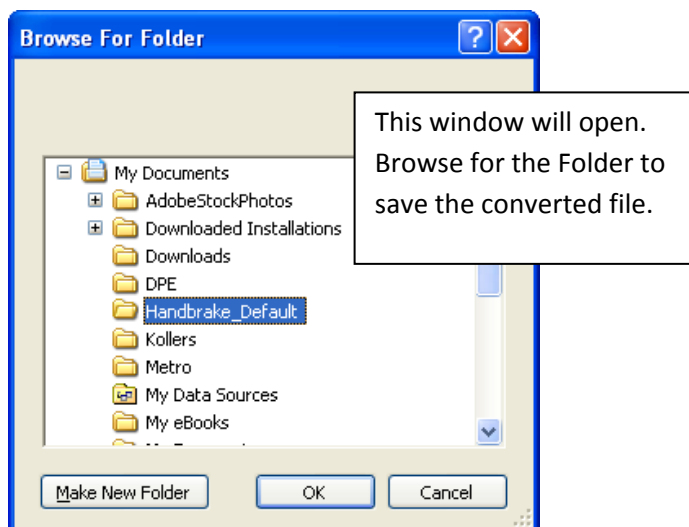

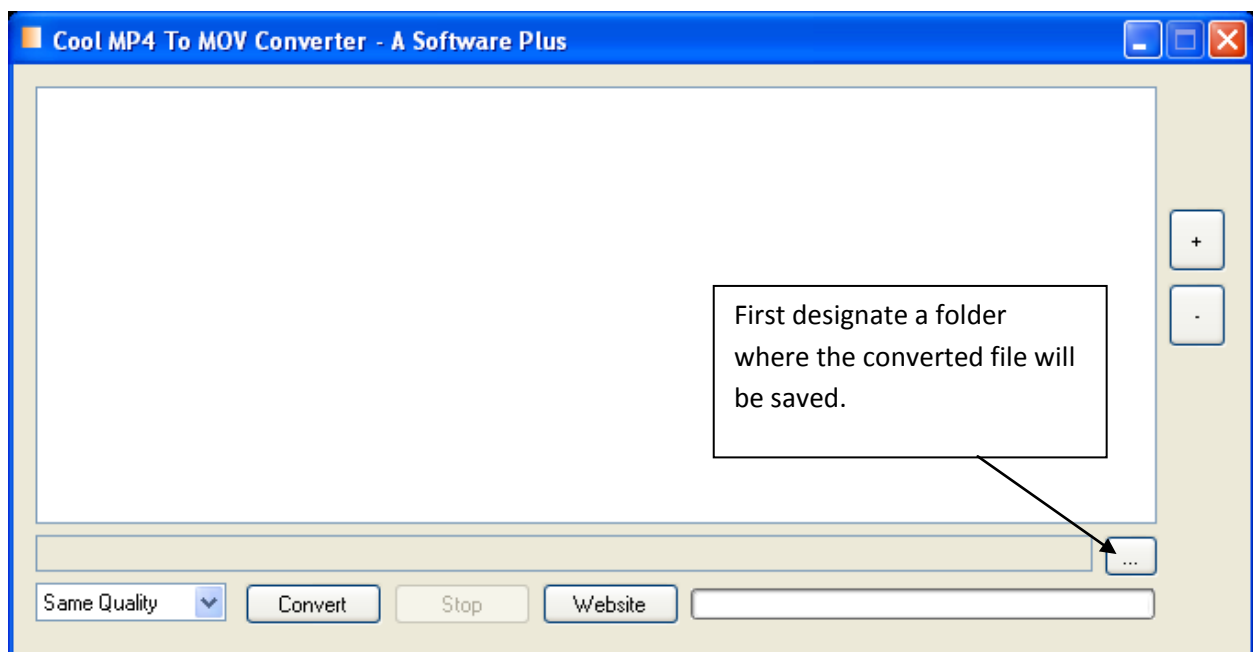

Download **Cool MP4 To MOV Converter** by clicking this link

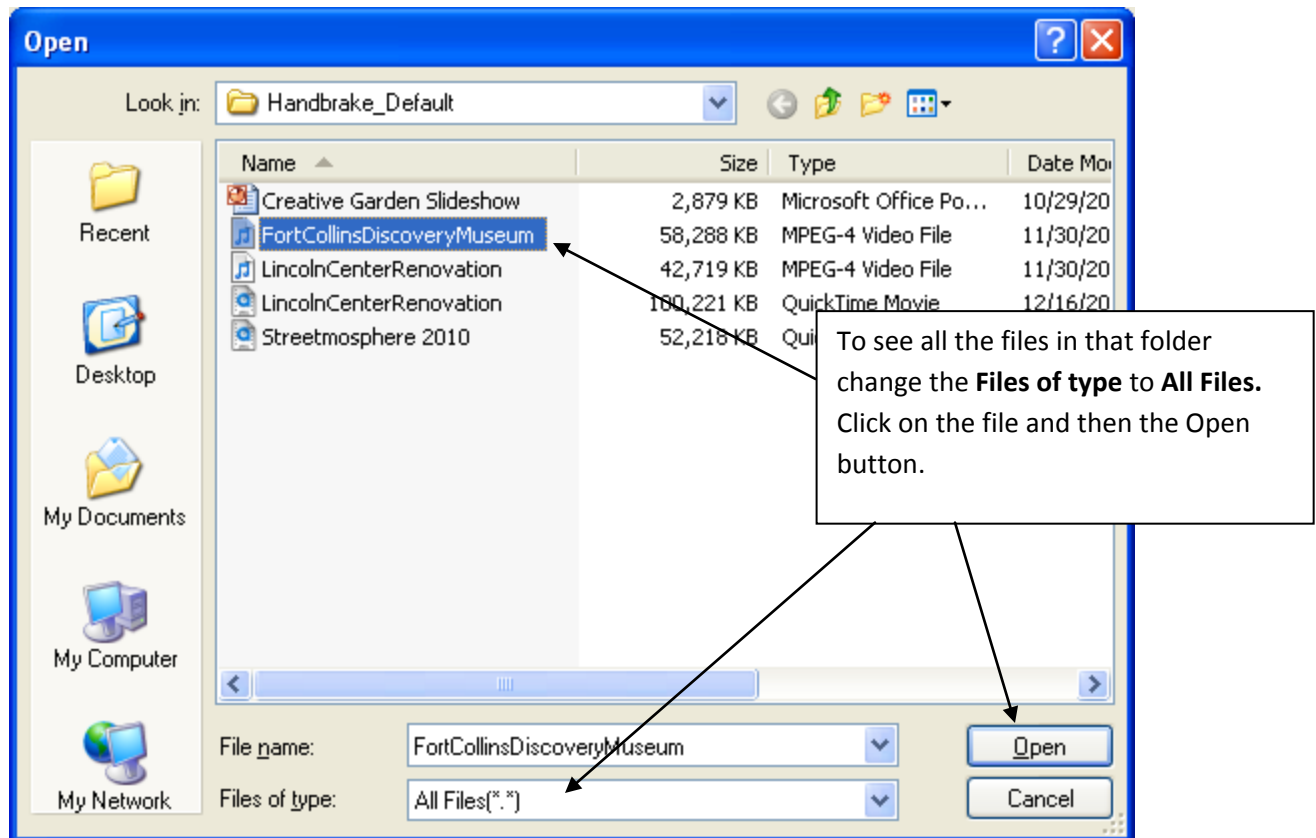

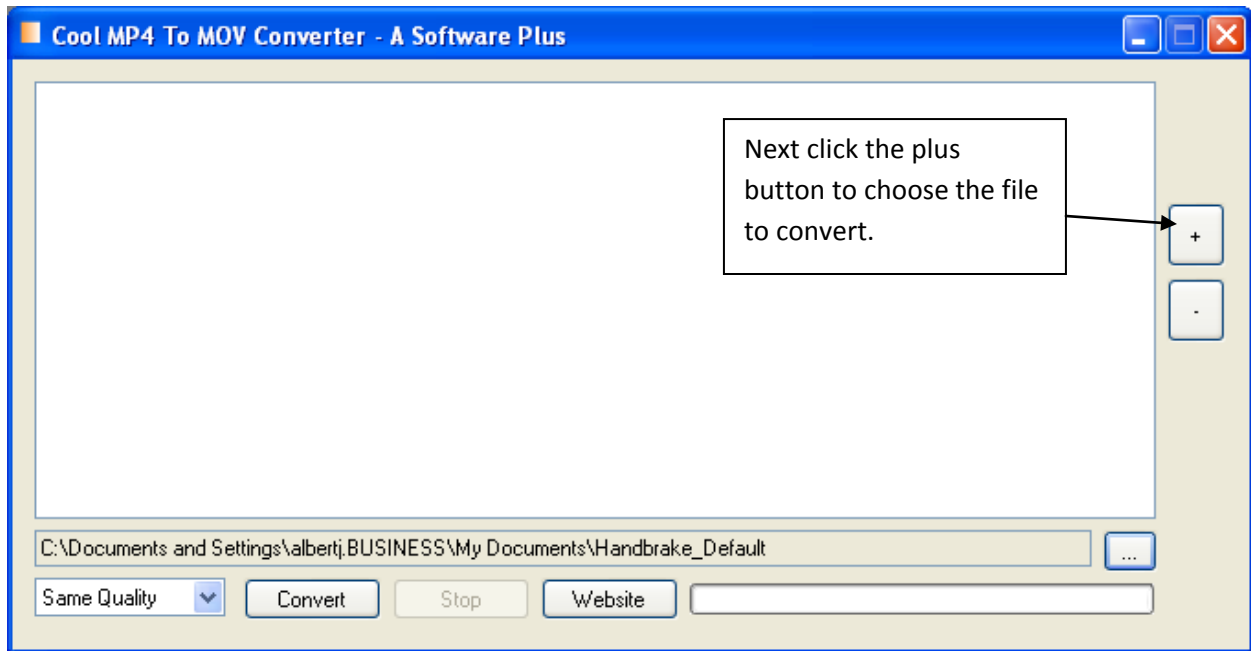

http://www.brothersoft.com/d.php?soft_id=229863&url=http%3A%2F%2Fwww.asoftwareplus.com%2Fconverterdownloads%2FCoolMP4ToMOVConverterSetup.exe

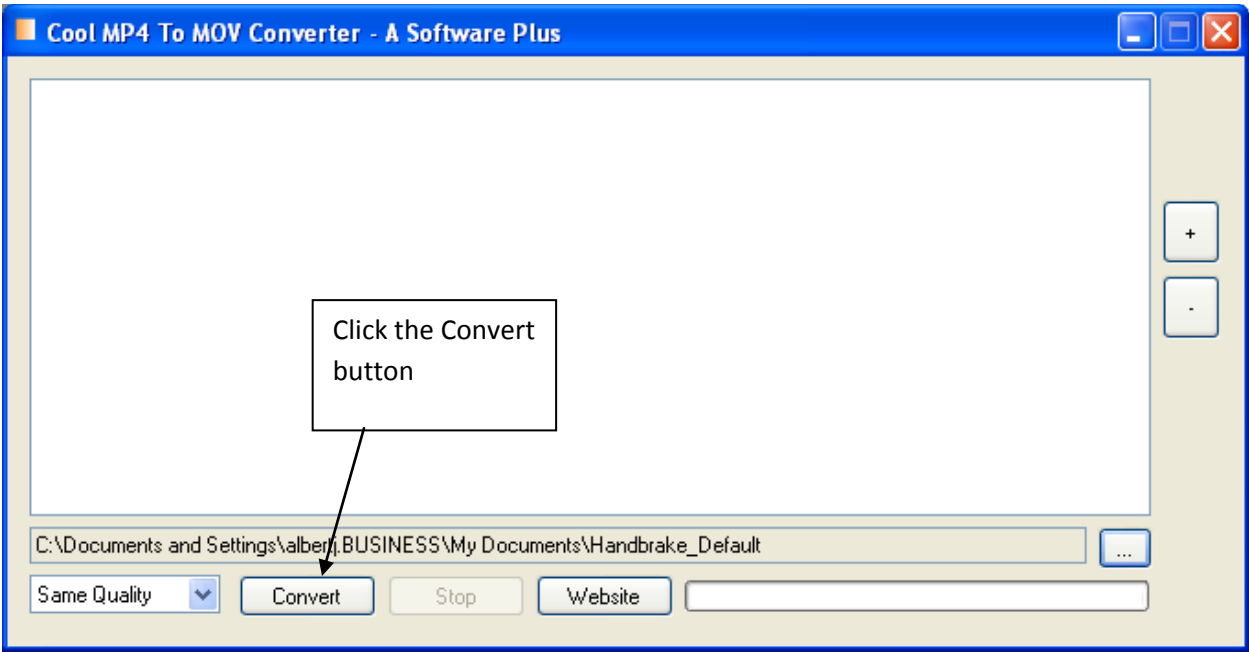

1. Saved the executable file and installed the software.
2. Click on the **Cool MP4 To MOV Converter icon**

The Cool MP4 To MOV Converter software will open like below.

To view the file, go to the folder where you choose to save the converted files.
